SIDELIGHTS ON THE POLITICAL SITUATION.

The campaign may be said to

be fairly on "back east" and is rapidly spreading westward. The fine Italian band of the ubiquitous Mr. Hearst can be observed among the storm clouds of political, disruption; his expose of trickery and insincerity by former partisan cohorts disturbs the equanimity of the great commoner to that extent that his fusilade of oratory has been reduced to sermons of explanation and general denial. A Bold Step.

To overcome the well-grounded and easonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for do-mestic use, and so has published broad-VETISING AGENCY, INC., 427 South

and compage list of all the ingredients
entering into the composition of his widely
celebrated hydicines. Thus he has taken
his numerous atrons and patients into
his full confidence. Thus too he has re
moved his medicines from among secret nostrame of doubtful merits, and made them remedies of Known Composition.

By this hold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to that he is not atrain to stope them by the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Flerce's Goldon Medical Discovery, the famous medicine for weak stomach. pld liver or bidiousness and all catarrhal discusses wherever located, have printed upon it, in pidin Emplish, a full and complete list of all the harredients composing it, but a small book has been compiled from namenous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the stronged possible terms, each and every fugrestrong to possible terms, each and every figure. drongest possible terms, each and every ingredient contained in Dr. Plerce's medicines. One of these little books will be malled free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buñalo, N. Y. and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohel, narcotics, mineral agents or other poissoness or injurious agents and that they are the research. book it will be learned that Dr. Plerce's medicines contain no alcade, harcotics, mineral agents or other poisonous or injurious agents and that they are made from mative, medicinal roots of great values also that some of the most valuable ingredients contained in Dr. Plerce's Favorite Prescription for weak, hervous, over-worked, "run-down," nerrous and debilitated wemen, were employed, long years ago, by the indians for similar allments affecting their sunsws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Plerce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remody for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion, and retorversion, overcoming painful periods, toning up the perves and bringing about a perfect state of health. Sold by all desders in medicines.

Captain Frazer has returned from the coast, after an absence of two lor three months, and seems to have taken on a new lease of life. He looks ten years younger than when he wentaway. Mrs. J. L. Rimpau and daughter have returned from their summer's va-

cation spent at coast points. Joe Henry has put up a neat and substantial awning in front of his furniture establishment on Main street.

The primaries of all parties will be held Saturday, the 26th.

Mark Smith has always represented special interests in congress as against the people. This is why several large corporations have labored to keep him in congress.

Mark Smith made a most stubborn tight against the antigambling bill in congress, not only once, but twice. When the bill was about to be reported by Senator Hoer several years ago against gambling in territories. Mark Smith succeeded in sidetracking the bill. Two years ago Mark Smith bitterly fought the anti-gambling bill in congress, and in his public atterances maligned some Arizona citizens who were in favor of the bill.

Independence League Ticket.

The apathy in political circles has been shattered and very soon henceforth the political pot, already simmering, will begin to boil and sizzle.

The Independence League, a dormant factor and accredited here with little vitality outside John T. Hemphill returned yesterday of the Hearst news service, has from an extended visit to his old home broken loose here and threatens to cut considerable of the congealed fluid. The League met today and named a ticket Farmer Mulford Winsor is going to which must be conceded to have parties.

This is the ticket: For Legislative Council-Felix
